INDEPENDENT PRACTITIONER'S REVIEW ENGAGEMENT REPORT

To the Members of Umoja Operation Compassion Society:

We have reviewed the accompanying financial statements of Umoja Operation Compassion Society that comprise the statement of financial position as at December 31, 2018, and the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Practitioner's Responsibility

Our responsibility is to express a conclusion on the accompanying financial statements based on our review. We conducted our review in accordance with Canadian generally accepted standards for review engagements, which require us to comply with relevant ethical requirements.

A review of financial statements in accordance with Canadian generally accepted standards for review engagements is a limited assurance engagement. The practitioner performs procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluates the evidence obtained.

The procedures performed in a review are substantially less in extent than, and vary in nature from, those performed in an audit conducted in accordance with Canadian generally accepted auditing standards. Accordingly, we do not express an audit opinion on these financial statements.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the financial statements do not present fairly, in all material respects, the financial position of Umoja Operation Compassion Society as at December 31, 2018, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

**UMOJA OPERATION COMPASSION SOCIETY
NOTES TO UNAUDITED FINANCIAL STATEMENTS
DECEMBER 31, 2018**

1 GENERAL

Umoja Operation Compassion Society ("Society") is an organization whose mission is to help promote unity, respect, and dignity among low income minority immigrants and refugees living in the Greater Vancouver area. The Society is incorporated under the B.C. Society Act as a not-for-profit organization and is exempt from income tax as a registered charity under the Income Tax Act.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation and accounting

The Society prepares its financial statements in accordance with Canadian accounting standards for not-for-profit organizations (ASNPO).

Cash and cash equivalents

Cash and cash equivalents include bank balances and short-term investments having a maturity period of three months or less from the date of acquisition.

Revenue recognition

The Society follows the deferral method of accounting for contributions. Restricted contributions related to general operations are recognized as revenue of the respective fund in the year in which the related expenses are incurred. All other restricted contributions are recognized as revenue in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Rental income and membership dues are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Interest income is recorded on an accrual basis and is recognized when earned.

Restricted contributions for the purchase of capital assets that will not be amortized are recognized as a direct increase in net assets. Capital contributions received for the acquisition of capital assets that will be amortized such as the acquisition of a vehicle are deferred and amortized at the same rate as the amortization of the cost of the related acquired capital asset.

Financial instruments

Financial assets and financial liabilities are initially recognized at fair value. The Society subsequently measures all its financial assets and financial liabilities at amortized cost, except for investments, which are measured at fair value. Changes in fair value are recognized in the statement of operations and changes in net assets. Financial assets measured at amortized cost include cash, cash equivalents and accounts receivable. Financial liabilities measured at amortized cost include accounts payable, accrued liabilities and vehicle loan.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributed services and materials

Volunteers contribute numerous hours per year to assist the Society in carrying out its service delivery activities. Because of the difficulty in determining their fair value, contributed services are not recognized in the financial statements. Contributed materials which are used in the normal course of the Society's operations and would otherwise have been purchased are recorded at their fair value at the date of contribution if the fair value can be reasonably estimated.

Tangible capital assets

Purchased tangible capital assets are stated at cost less accumulated amortization. Contributed capital assets are recorded at fair value at the date of contribution. Estimates of useful lives of the assets are reviewed every year and adjusted on a prospective basis, if needed. Amortization is provided on a straight-line basis over the asset's estimated useful lives as follows:

Vehicles	5 to 10 years straight-line method
Computers	3 years straight-line method
Furniture and equipment	5 years straight-line method

Use of estimates

The preparation of financial statements in accordance with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the reporting date and the reported amounts of receipts and disbursements for the reporting period. Actual results could differ from these estimates. Significant financial statement items that require the use of estimates are as follows: useful lives of tangible capital assets and related deferred contribution. These estimates are reviewed periodically and adjustments are made, as appropriate, in the statement of operations and changes in net assets in the year they become known.

3 TANGIBLE CAPITAL ASSETS

	Cost	Accumulated Amortization	2018 Net	2017 Net
Vehicles	\$ 35,968	\$ 10,491	\$ 25,477	\$ 29,074
Computers	9,917	9,084	833	1,730
Furniture and equipment	10,178	9,720	458	637
	\$ 56,063	\$ 29,295	\$ 26,768	\$ 31,441

6 CONTRACTUAL OBLIGATIONS

The Society has contractual obligations in regards to its lease of premises and lease of a photocopier. The aggregate payments due on these lease agreements over the next five years are as follows:

Lease payments:		
2019	\$	61,533
2020		9,045
2021		1,068
2022		nil
2023	\$	nil

7 FINANCIAL INSTRUMENTS

The Society's financial instruments consist of cash, cash equivalents, accounts receivable, accounts payables and accrued liabilities. Unless otherwise noted, it is management's opinion that the Society is not exposed to significant credit, interest rate, liquidity, currency or market risks arising from these financial instruments. Market risks result from changes in interest rates, exchange rates of foreign currencies and market prices of financial instruments. The Society is exposed to various risks through its financial instruments without being exposed to concentrations of risk. The following analysis provides a measure of the organization's risk as at December 31, 2018.

Credit risk

Credit risk is the risk that a counterparty will fail to perform its obligations when they come due. The Society is exposed to credit risk on its cash and cash equivalents. Credit risk is reduced by the fact that its cash and cash equivalents are held in deposit with Canadian financial institutions in insured accounts. The Society is also exposed to credit risk from accounts receivable. Management performs ongoing credit review of all of its funding sources and establishes allowances for doubtful accounts when the amounts are not collectible. There is no particular concentration of credit risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Society is exposed to interest rate risk with respect to its cash and cash equivalents. Changes in interest rates can affect the fair value of the cash flows related to interest income. This risk is not considered to be significant and there is no particular concentration of interest rate risk.

Liquidity risk

Liquidity risk is the risk that the Society will not be able to meet its obligations as they fall due. Currently, the Society has sufficient funds in the bank to cover trade payables and government remittances payable. As a result, this risk is not considered to be significant and there is no particular concentration of liquidity risk.
