

# SUPPORT OUR VOLUNTEER MEDICAL MISSION TO WESTERN UGANDA

## BACKGROUND

We are a group of four third-year medical students primarily from Canada who are attending the American University of Anguilla. We are committed to global health service. One of our team members, AJ Kambere, is from Uganda, but has been a Canadian citizen living with his family in Surrey, BC for 33 years. AJ's father 23 years ago established the Umoja Operation Compassion Society—a Canadian nonprofit charity that empowers immigrants in Canada and supports underserved communities in Western Uganda. Together, we will travel to Uganda from October to November 2025 to provide important health related supports in the rural regions of Mbarara and Kasese.

## OBJECTIVE

We aim to accomplish a number of critical activities during this mission including. (But not limited to) helping upgrade a medical clinic in the village of Rwentutu, providing this clinic with some extra support, facilitating a community health fair, holding a youth sports day, and shadowing doctors who practice in Mbarara. We are looking for support from anyone interested in global health initiatives and there are a number of ways you can help us.

## HOW YOU CAN SUPPORT OUR MISSION

- Donate funds which will be used for air tickets, accommodation and meals for our team. Extra funds will be applied to activities conducted while we are there through the Umoja Operation Compassion Society
- Donate medical supplies including BP cuffs, thermometers, first aid kits, etc.
- Donate kids clothing – we will take these to Uganda and distribute in the villages we work in
- Sponsor one of our activities (e.g. Youth Sports day, community health fair, etc)

## TAX & CHARITY INFO

Canadian tax-deductible receipts are available for donations over \$20.

Receipts issued by: Umoja Operation Compassion Society

CRA Registered Charity:  
#886425909 RR 0001
